

Make No Mistake.
By dispelling the symptoms so often mistaken for consumption, SANTA ABIE has brought gladness to many a household. By its prompt use for breaking up the cold that too often develops into that fatal disease, thousands can be saved from an untimely grave. You make no mistake by keeping a bottle of this pleasant remedy in your house. CALIFORNIA-CAT-R-CURE is equally effective in eradicating all traces of Nasal Catarrh. Both of these wonderful California remedies are sold and warranted by Osburn & Shoemaker, wholesale and retail agents. \$1.00 a package, 3 for \$2.50.

Don't Trifle with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.

An End to Bone Scraping.
Edward Shepherd, of Harrisburg, Pa., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctor told me I must have it cut out, and I was to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven more bottles of Arnica Balm, and my leg is now sound and well." Electric Bitters and Arnica Balm are sold at 25 cents per box by S. J. Hodgkinson & Co's.

Can't Sleep Nights, is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Acker's English Remedy? It is the best preparation known for all Lung Troubles, sold on a positive guarantee at 10c., 50c.

THURSDAY, DECEMBER 15, 1887

CONGRESS has been in session less than two weeks and yet Nevada's Junior Senator is attracting more attention than any other member of that body of statesmen. His ideas are subject matter for editorials of leading journals all over the United States. Three great principles he grasps which already have been given general publicity,—those of National Normal Schools, irrigation in these Western States, and the finances of the country. The two latter questions especially, are of great importance to prosperity in Nevada and Congressional action on the same will be watched here with solicitude. Relative to the latter the San Francisco Bulletin says:

Senator Stewart understands the Silver Question from top to bottom. There are not many men in Congress when his colleagues, Senator Jones, is excepted, who have more thoroughly mastered it in all its details. One of the first measures which he has laid before the Senate provides for the free acceptance by the Mints—not especially the free coinage, of gold and silver on the present American equation of 15.983 grains silver to 1 grain of gold. Under this bill, any person possessing 80 ounces of silver, 900 fine, can deposit the same at the Mints and receive therefor certificates for it at the rate of one dollar for every 42 1/2 grains of silver, 900 fine—the weight and fineness of the Standard Dollar. Similarly any man possessing 5 ounces of gold can deposit the same at the Mints and receive therefor certificates at the rate of one dollar for every 25.8 grains of gold, 900 fine, the weight and fineness of the present Standard Gold Dollar. The gold and silver so deposited at the Mints are to be melted into bars of which not less than 70 per cent shall be in bars of not less weight than 800 ounces. These bars are to be held as security for the certificates, which are to range from \$2 to \$1,000. They are to be legal tender for all debts, public and private, at their nominal value, and the Government is to redeem them in gold or silver bullion at its option at the Sub-Treasury. The proposition of Senator Stewart is a good one from the standpoint of the State which he represents—Nevada.

SENATOR CULLOM has introduced into the Senate a bill for the establishment of a postal telegraph, connecting the principal points from Portland, Maine, to San Francisco, and from the largest cities in the north to the cities on the Gulf of Mexico, with provisions for the construction of branch lines. The rates to be established at ten cents for each twenty words for 500 miles and five cents for each additional 250 miles. The initial plant will cost \$4,000,000. We haven't seen the text of the bill and cannot discuss it intelligently, but some law should be enacted which will give the government control of the postal service. Every little mining and other town in the United States should now have the benefit of electricity as a cheap means of communication, the same as they now have in mail facilities, a condition of affairs not likely to be obtained through corporations formed only for the purpose of amassing fortunes. Cheap and reliable telegraphic facilities would stimulate to greater activity commerce, manufactures and mining. The postal service, like the mail service, should not be operated as a money-making scheme, and as now conducted by a veritable monopoly. It being for the general good of the government and every branch of it and a necessity, scheming corporations should not be permitted to traffic in people's necessities in this service as they have done. Viewed from whatever standpoint of prosperity and progress the government should be the promoter and master of the telegraph service as it is now of the mail service.

THERE has been organized the Nevada Educational Association for the purpose of elevating the profession of teaching and arousing an interest in educational matters. President Dorey, of the association, is showing commendable interest in the matter. It is proposed to hold a joint meeting with the California Association at Lake Tahoe in the Summer vacation of 1888. Connected with this it is proposed to have there a normal training school, conducted by prominent educators. Similar Summer schools are held at Chautauque, Round Lake, Saratoga, Martha's Vineyard, Lakeside and other Summer resorts in the East. The holding of such a school on the shores of beautiful Tahoe, in a novel idea on this coast, but it is certain to attract a great deal of attention and will be popular.

One for the Liquor Men.
Augusta, Maine, Dec. 15.—The Superior Court of Kennebec county has declared the law making the payment of the United States special tax as a liquor seller prima-facie evidence that the party paying such tax is a saloon keeper, and therefore a public nuisance to be unconditionally.

NEWS OF THE DAY.

[FROM DISPATCHES TO THE GAZETTE.]

Preparing For the Battle.

NEW YORK, Dec. 15.—The First National Republican Club Convention was called to order at 11 o'clock, about 1,200 delegates from nearly all the States and Territories in the Union being present. Mr. Foster was elected chairman.

Mr. Foster, in the course of his remarks, outlined the purpose of the meeting as follows: We propose to organize to go out and beyond the individual in order that we may work for some end, and some principle higher and broader than single a man. Hence we have, by common consent, agreed to that just and only rule: "That this convention shall not name, recommend, or nominate any candidate for office. We propose an organization whereby a tariff to protect the industries of the land may be readily and quickly disseminated, in plain language, to be understood by the wage-earners and wage-payers—a tariff, high enough to reduce the surplus and to give employment to our citizens at home and to insure a market for our goods and a living to our workmen, better than the pauper labor of Europe has ever known. We propose an organization that shall disseminate and put to shame those personal attacks upon candidates, where the private character and home life are basely assailed and public scandal for political ends unjustly created; we propose an organization that shall do the serious: 'By ye removed from politics (applause). You, who create paupers and insanity and criminals, shall no longer wield the power of government in this land.' This is the mission of our organization."

The Senate.

WASHINGTON, Dec. 15.—Among the papers laid before the Senate was a communication from Italian residents of Washington proposing to present to the United States a marble bust of Garibaldi, as a "vita in the chain of sympathy which all freemen feel for the champions of liberty and the republican Government." Referred to Committee on Library.

Bill, to prohibit United States Courts from authorizing the borrowing of money by receivers of railroad and other corporations, beyond the amount of their annual income; also to prohibit the appointment of such receivers with evidence of the financial condition of the company. Referred to Committee on Inter-State Commerce.

The House.

WASHINGTON, Dec. 15.—The Committee on Election organized and held its first meeting to-day. Almost without discussion the committee resolved to take up the Thoburn-Carlisle contested election case, and notices will be issued to the contestants or their attorneys to appear at their next meeting, on Tuesday.

England and the Pope.

DUBLIN, Dec. 15.—United Ireland declares that the government has secured Monsignor Persico's aid in restraining Irish priests from offering opposition to the government, who as an equivalent, will endow a Catholic university, resolve a Papal envoy and send an ambassador to the Vatican.

The Southern States.

BALTIMORE, Dec. 15.—The Manufacturers' Record, this week will say that a few weeks ago George M. Pullman, August Belmont, Jr., Robert T. Lincoln, and other capitalists visited the South. The gentlemen all agree that the South will soon rival if not surpass the north and west in the quantity and value of products and enterprise and resources of its people.

Vermont Copper.

NORTH ADAMS, Mass., Dec. 15.—The geological surveyors working in this section this season found a rich outcrop of copper in the vicinity of Stamford, Vermont, which they proceeded to develop. They now have shafts into it to a considerable depth, with rich results. It is not yet certain how rich it will prove to be, but those who put money into the scheme are satisfied.

Election Day in Mexico.

ST. LOUIS, Mo., Dec. 15.—Advices just received from Jaramine, in the southern part of the State of Tamaulipas, Mexico, state that a riot occurred during the election on Sunday, and the ballot boxes were destroyed. Eight men were killed and over 40 wounded. The result is that the old Mayor will be held over for another term.

Another Fast Train.

ST. LOUIS, Dec. 15.—The Wabash Western has arranged for a fast train between St. Louis and Council Bluffs in connection with the Union Pacific overland flyer. The new schedule takes effect December 18, and will reduce the time between St. Louis and Council Bluffs six hours.

The Governor of Maine Dead.

HALLOWELL, Me., Dec. 15.—Governor Bodwell, of Maine, died this morning. His death was caused by congestion of the lungs, caused by exposure and overwork.

Truckee Boycotters.

Truckee celebrated the second anniversary of the Chinese boycott last Saturday evening. James H. Barry, proprietor of the San Francisco Star, delivered a masterly address which was listened to with closest attention by one of the largest audiences ever assembled in Truckee. At the close of the meeting a torch light procession was formed by Marshal D. McPeeters, and although the thermometer stood fourteen degrees below freezing, the procession was the largest ever witnessed in Truckee. The cold was so intense that the keys of the instruments of the brass band froze.

Nevada's Federal Building.

A press dispatch from Washington reads as follows: The Supervising Architect of the Treasury to-day opened the bids for labor and material for the erection of the Federal building at Carson City, Nevada.

The tenders were as follows: James H. Caster of Baltimore, \$87,901; James B. Holliday of Washington, D. C., \$87,989; and a gross bid of \$87,000; E. B. Brannan of Chicago \$91,250; E. F. Gatel, Chicago, \$92,500, and a gross bid of \$92,575.

What They are Good For.

Brandreth's Pills are the best medicine known.
1st.—They are purely vegetable, in fact a medicated food.
2d.—The same dose always produces the same effect—other purgatives require increased doses and finally cease acting.
3d.—They purify the blood.
4th.—They invigorate the digestion and cleanse the stomach and bowels.
5th.—They stimulate the liver and carry off vitiated bile and other depraved secretions.
The first two or three doses tell the story. The skin becomes clear; the eye bright; the mind active; digestion is restored; constiveness cured; the animal vigor is recruited and all decay arrested.

GARDNER—At Clear Creek, Nev., December 5, John Gardner, in his 70th year.

BROSNAN—In San Francisco, December 6, Master Willie, son of William and Mary Brosnan, a native of Virginia City, aged 15 years and 21 days.

NEW TO-DAY.

A Card.

EDITOR GAZETTE:—In your paper last evening Mr. Lee in his report to the Governor, (which should have been made to the State Board of Agriculture), he says "in the accounts of the society there seems to be no methodical arrangement or definite system, nor check, nor verification." I would respectfully say that my books are open for inspection to any one who wishes to examine them, and I assure that any man or boy who understands book-keeping can at once see there is a regular system, and can in a short time ascertain the result of the late fair. I again assure that I believe Mr. Lee willfully misrepresented the facts when he made the statement.

BREVITIES.

Local and General Intelligence.

The "Last Spike" excursion will leave San Francisco to-morrow.

C. H. Stoddard publishes a card in to-day's GAZETTE on Fair matters.

A new paper is to be started in the interest of a Chicago colonizing company.

Wash. Norton, the old-time theatrical and minstrel man, is manager of the Achmed Ali Bey.

One of the Paradise Valley Company's teams arrived in Winnemucca yesterday with 24,300 pounds of concentrated ore.

Harney Valley is covered with snow to a depth of six inches, but the weather is pleasant nevertheless.

Frank Button shipped a car-load of extra fine horses from the Rutton ranch on the Little Humboldt to Petaluma, California, last Wednesday evening.

Addresses of our representatives in Washington are: Senator W. M. Stewart, 1707 Rhode Island Avenue; Congressman W. Woodburn, 816 13th street, N. W.

Wong Ah Hung, convicted of the unlawful importation of Chinese women into San Francisco, has been fined \$2,000 and sentenced to ten years in State Prison.

Nasby yesterday received an invoice of silicate note books. They are just the thing for taking notes and making memoranda, which can be erased without discoloring the book. Try 'em.

The grand ball, to be held under the auspices of Mitchell Post, No. 69, G. A. R., will be given on Thursday evening, December 29th, instead of Friday, the 30th, as heretofore announced.

Achmed Ali Bey, the great East India wonder, and a sterling troupe of novelty artists will appear in Reno next Monday night. The California papers speak highly of the company.

Manager Piper is negotiating with the celebrated Campanini Opera Company with a view of having that combination appear in Virginia. If satisfactory terms are arranged, they will appear on the 2d or 3d of January.

A large audience greeted Gustavus Levick and his company at the theater last night. The scenery was excellent and the acting passable. If the play was given in full last night, the general verdict is that it was a poor play, poorly played.

PERSONAL.

B. F. Leete went south this morning.

M. N. Stone, of Virginia, is registered at the Depot.

Hand some specimen of crystallized salt as deposited on sage-brush thrown into evaporating basin of the Salt Works at White Plains, presented by Mr. Walter Schmidt. Donations of Natural History specimens are gratefully received.

LINCOLN COUNTY.

Its Orange Groves, Vineyards, Wheat and Horses.

Lincoln county was first settled by Mormons, who located at St. Thomas on the Rio Virgin, Las Vegas, West Point, Colville and Overton. When the settlers were recalled by Brigham Young in 1870 the population was about 3,000. At St. Thomas 200,000 shade trees were planted, including the following varieties: Silver maple, locust, orange orange, cottonwood and sycamore. Large vineyards and orchards were also cultivated. The altitude where the Rio Virgin discharges into the Colorado river is but 800 feet above sea level. In summer the temperature is very hot, the thermometers often indicating 115 degrees in the shade. About three miles south of St. Thomas is a mountain range of rock salt. Ploche, Pahranaagat, Groom, Eldorado canyon and Clarke are the principal mining districts in the county. The proposed railroad from Salt Lake to Los Angeles will traverse that part of the state.

"An Hour of Song."

The music-room of the School for Girls was well crowded last night, on the occasion of the twenty-seventh rehearsal of the department of music. The exercises were conducted under the direction of Miss Eva Quaffie, and this fact was of itself sufficient to warrant a musical treat. The following young ladies participated in the evening's entertainment: Misses Maxwell, Mayberry, Baumann, Carroll, Williams, Martin, Mason, Conner, Rowland, Blauvelt, Steiner, Melly, Andrews, L. and R. Russell, Kittie Leomis, Ella Lohr, G. Daggett, Higgins, Atchison, Guthrie, Fredrick, May Hopkins, E. and A. Sherman.

A Triple Alliance.

Unhappily for the wretched victim of their assaults, dyspepsia, constipation and biliousness are faithful allies. When one of these foes attack the system, the other two speedily follow in its wake, and successively make their onslaught. Successively, but not successively, if Hostetter's Stomach Bitters be used to repel the onset. The Bitters as easily extirpates these monsters as St. George is depicted in the act of doing to the dragon in the steel vignette upon the glass bottles which contain the medicine. Their fight, like their advance, is nearly simultaneous. Their mutuality destroyed, they precipitately retreat, leaving health master of the position and strongly entrenched by the Bitters. This grand fortifier is also a reliable bulwark against the insidious assaults of malarial disease, and stops the approach of rheumatism. It more-over relieves nervous complaints, and imparts vigor to the weak.

Tahoe's New Hotel.

Mr. Kaiser, of the Ormsby House, Carson, informs the Index that the new hotel at Sugar Pine Point, Lake Tahoe, is already inclosed, so that the work of completing the building can go right along during the winter. The finishing lumber is about to be placed at Captain Fray's mill at Glenbrook, and will soon all be shipped across the lake to its destination. The builders have had a fine run of luck as to the weather. The hotel will be complete for tourists in the Spring.

white Pine County Merit. White Pine county is heavily in debt, and when a given amount of money accumulates in the Redemption Fund, the officials advertise for proposals for the surrender of scrip, and the lowest bidder gets the money in exchange for county warrants. The News says \$1,950 in cash was paid out for scrip last week at the rate of 31 1/2 cents on the dollar, and it is not probable that any more scrip will be redeemed before next December.

Great Saving in our Prices.

Nothing has created so much talk as Breuner's elegant and immense line of Bedroom and Parlor Furniture. Suites for two, three, four, five and six hundred dollars. We can furnish you with a suite—the finest in the land or the cheapest to be had. Our trade has demanded that we carry the richest lines, and to-day we are shipping goods to San Francisco, Oakland and other parts of the State. San Francisco merchants cannot compete with us, as their store rents and other expenses are enormously high. Everybody admits that we sell the cheapest, and everyone who visits our stores says our assortment is as elegant as it is large.

If you desire anything in our line and cannot visit our stores, write us stating articles you want and will send you photographs and prices, and give you the same satisfaction as if you were selecting in our stores. Send for photograph of our \$20.00 bedroom suite.

Dogs in a Sawmill.

There is an extensive lumber company in Michigan the majority of stock in which is owned by Englishmen. A year or two ago, at a meeting of the English stockholders an inventory of the company's property was under consideration, when the secretary read as among the assets of the association "100 dogs, 13 donkeys," referring, of course, to the iron dogs used to secure logs in boom, and the "donkeys" engines used upon tramways. "My Lord Ponsonby," said one of the lordly stockholders, "don't you think it a piece of unwarrantable extravagance to keep on a hundred dogs to watch thirteen donkeys?"
